## From the Principal's Desk

I completed two months in TCDV and I consider it my pleasant duty to convey my appreciation and thankfulness to all of you for the co-operation and warmth extended to me. I along with my team of silent workers and dedicated faculty intend to provide quality education to each and every child in the school so that after schooling from here the child progresses by leaps and bounds in all spheres of his life and turns out to be a successful citizen in global scenario. We always believe that love for education should be developed in initial years and conditions should be created for them to pursue a positive approach in life. Home assignments given by the school are not a carry-over of class work but oriented towards honing individual talents. I wish to all my students to do very well in their forthcoming examinations and bring

laurels to their Alma Mater. We hope that the students appearing for their Board Exams scale new heights by setting new records and qualifying for various prestigious competitive exams subsequently inspiring their juniors to follow the track.

I congratulate the members of the Editorial Board for bringing out this e-Newsletter to its present shape and reflecting the activities of the students in diverse arena in the school.

Let me end my message by conveying my good wishes to all for the NEW YEAR 2012 and Season's Greetings.

# Creativity Extraordinaire

Walking through the school,  
In the morning and in day.  
All the rooms we go,  
Enjoying all the way.

Our temple bell just rings,  
Bringing the periods' end.  
What fun it is to be in school  
When holidays come to end!

'Cause! Jingle bells, Jingle bells  
We jingle them for you.  
Oh! What fun it is to have  
The teachers just like you!

Hey! Doesn't matter even if  
You don't teach us.  
We do know that you are there  
That's why we board the bus!!

## Manali Trip

Manali is a beautiful place where natural beauty is scattered in every corner. I also got an opportunity to visit KULLU MANALI-'the Valley of Gods' and Shimla with my parents and my uncle's family. Our tour was for 10 days. We started our journey through train & reached Manali directly and stayed in hotel Adarsh Anexy at Mall Road. The hotel was located at height so we were able to have a wonderful view of the surroundings. Next day we hired taxi for all 10 days and first visited Rohtang Pass that was 45 km away from Manali where we enjoyed a lot by skiing & skating as it was all snow there. Next day we enjoyed river crossing at Nehru Club, saw

Then we started our journey for Shimla. We also visited an interesting Rabbit Farm where thousands of beautiful rabbits were playing. Lastly we reached Shimla where we stayed for two days and enjoyed at Mall road & did horse riding and then came back to Babrala. I have visited many tourist places with my parents earlier too but this tour left some everlasting memories.
